The challenge facing project management?

“65% of children entering primary school today will ultimately end up working in completely new job types that don’t yet exist”

Is irrelevance our biggest challenge?

“...most people will not suffer from exploitation, but from something much worse – irrelevance”

21 Lessons for the 21st Century' by Yuval Noah Harari
From automation to augmentation...

“...an approach where businesses look to utilize the automation of some job tasks to complement and enhance their human workforces’ comparative strengths...”
