Get Accredited

The Change Management Institute is committed to the creation and promotion of professional standards in Change Management. In a world of disruption, those with proven change capabilities are constantly sought after in the marketplace. Employers and recruiters know that an Accredited Change Manager has undertaken an independent assessment of their capabilities.

**GET ACCREDITED.
STAND OUT FROM THE CROWD.
HAVE YOUR CAPABILITIES RECOGNISED GLOBALLY.**

CMI Accreditation is the industry benchmark for recognising quality change management professionals. Having the right qualifications, skills and experience can make the difference in today's competitive employment market.

ASSERT YOUR PROFESSIONAL CREDIBILITY. MAKE CMI ACCREDITATION PART OF YOUR CAREER PLAN.

Whether you have just a few years of experience or are a highly skilled change leader, three different levels of Accreditation ensure that you have access to a relevant assessment of your capabilities. These are Foundation, Specialist and Master.

Assessment is rigorous and thorough. CMI Accreditation is not a test, rather a real world assessment of your proven skills and experience as a Change Manager.

The assessment standard is the CMI Change Manager Competency Models. The CMI Change Management Body of Knowledge (CMBok) describes the knowledge underpinning the competency models.
