

TOP 3

REASONS TO USE MANAGING BENEFITS

FOR COMPANIES

1. Improve your return on investment

- More benefits are realized
- Benefits are sustained for longer

2. Better use of resources

- Achieve more from less
- Demonstrate more efficient practices to stakeholders

3. Provides a road map demonstrating how to be more cost effective

FOR INDIVIDUALS

1. Provides a 'one stop shop' for benefits management techniques... and how to apply them

2. Completion of examinations enables individuals to demonstrate enhanced professional competence

3. Multi-disciplinary awareness gained as Managing Benefits covers project and programme management, psychology, neuroscience and more
